

## ISO 9001-2000 CERTIFICATION

Electric Machinery is proud to announce our most recent achievement, ISO 9001-2000 certification by Lloyd's Register Quality Assurance. For over 100 years, we've designed and manufactured dependable products with a commitment to continuous improvements that keep you ahead of the industry. EM fulfills your power needs with processes recognized as meeting global standards of excellence.

Look to EM for reliable solutions that satisfy your unique requirements. Along with complete customer service, EM delivers a full product line that includes:

- Synchronous Motors rated to 120,000 KW
- Induction Motors rated to over 18,000 KW
- Magnetic Drives rated 300-1800 RPM, 15-2000 KW
- Synchronous Generators rated to 20,000 KW
- Turbo Generators rated to 120,000 KW
- Brushless Exciters

Now confirmed by ISO 9001-2000 certification, we're the company you can trust for delivering excellence and commitment worldwide
